

SAP E-MARKET INTEGRATION

Do you use your SAP system to improve business to business integration?

The Challenge

Most organisations are not applying their SAP technology investment to better integrate with suppliers and customers.

Today's businesses require:

- End to end process integration
- Rapid, reliable supporting technology.

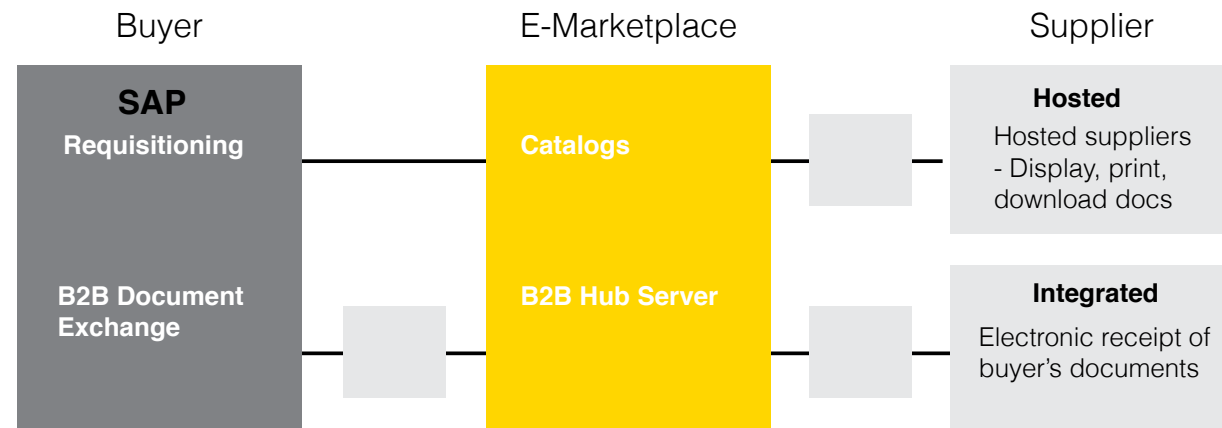

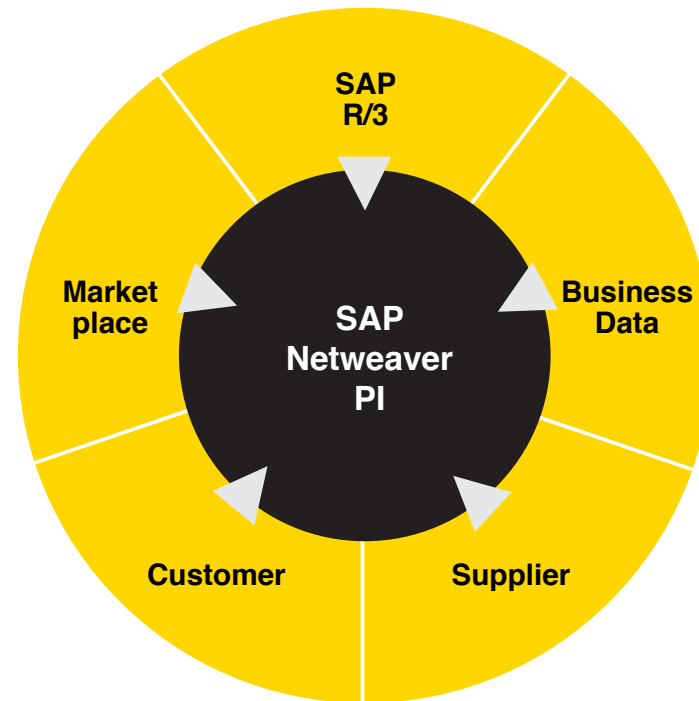

The Benefits

Our solution will deliver:

- Increased spend visibility
- Enabled electronic catalogues
- Compressed cycle times and lower transaction costs
- Reduced transaction costs
- Improved order accuracy
- Strengthened customer relationships
- Connect to many of your most important business partners.

Why Plaut

- **PLAUT** has extensive experience in connecting business with e-markets like Quadrem.
- We specialise in Supplier and Customer integration.

Business Integration. Together we'll determine what's in it for you - and lead you through the process
